PREM DEVNATH

AI AUTOMATION & AGENTIC AI DEVELOPER

+91 93519 76676 | premdevnath875@gmail.com | LinkedIn | GitHub | Portfolio | Bhilwara, Rajasthan, India

PROFESSIONAL SUMMARY

AI automation and application integration professional focused on solving business-process problems through Python, n8n, APIs, AI models, and enterprise applications. Hands-on exposure to workflow automation, LLM/Gemini API integration, REST APIs, webhooks, Playwright browser automation, Odoo ERP, and SAP S/4HANA processes. Application-development foundation in Kotlin and Android, complemented by practical experience connecting business systems and automating repetitive operations. Currently pursuing an MCA in Artificial Intelligence & Machine Learning.

EDUCATION

Rajasthan Technical University, Kota — MCA – Artificial Intelligence & Machine Learning **Jun 2025 – Present**

Maharshi Dayanand Saraswati University — Bachelor of Computer Applications (BCA) **Aug 2022 – May 2025**

EXPERIENCE

AI Automation & Application Development | Ostwal Group of Industries **Jun 2026 – Sep 2026**

- Built and tested Python + Playwright automation for SAP S/4HANA Business Partner workflows, automating repetitive browser-based form entry.
- Converted a lengthy, repetitive manual activity into a workflow that could complete the same data-entry steps in a few minutes, reducing manual effort and turnaround time.
- Worked with n8n, Python, APIs, and business applications to streamline operational processes and support website/data workflows.

IT Executive – ERP & AI Automation | QVK Deep Food Pvt. Ltd. **May 2025 – Jun 2026**

- Managed Odoo ERP operations across Sales, Purchase, and Inventory, maintaining product, stock, and transaction records for day-to-day business processes.
- Worked on n8n-based automation connecting Telegram, Excel, and Odoo to simplify purchase-order-related data movement and reduce repeated manual entry.
- Supported Shopify and website operations, API integrations, and process improvements using automation and AI tools.

Android Developer Trainee | Croma Campus **Apr 2024 – Sep 2024**

- Built Android application features with Kotlin, Jetpack Compose, MVVM, Firebase, and REST API integration—foundational experience in developing and connecting software applications.

SELECTED PROJECTS

MAYA – Live AI Virtual Try-On Android App GitHub ↗

- Built a native Kotlin/Jetpack Compose app using MVVM, CameraX, ML Kit Pose Detection, Room, and DataStore; added body-framing guidance, garment import via Photo Picker, rear camera, and Jsoup product links, plus MediaStore video saving.
- Designed a replaceable VirtualTryOnProvider for zero-cost Hugging Face ZeroGPU/Gradio VTON endpoints (FASHN VTON v1.5, CatVTON), with an on-device pose-tracked fallback, timed sessions, and privacy/quota safeguards.

AI Lead Management Automation System (Freelance Project – In Progress) GitHub ↗

- Built an n8n webhook workflow with upfront JavaScript validation, Google Sheets duplicate detection, and a hybrid rule-based + Gemini 2.5 Flash pipeline to classify leads as Hot, Warm, or Cold.
- Reduced unnecessary AI calls and token usage by filtering invalid, duplicate, and fallback-handled leads early; automated Gmail follow-ups and dual-tab execution logging.

TECHNICAL SKILLS

AI & Automation: AI Assistants & LLMs (ChatGPT, Gemini, Claude), AI Coding Tools (Cursor, Google Antigravity), AI Agents & LLM Integration, n8n Workflow Automation, Gemini API & Prompt Engineering, Business Process Automation

Automation Scripting & Testing: Python (Automation & Scripting), Playwright Browser Automation, Application & API Integration

Enterprise Systems & APIs: SAP S/4HANA Workflow Automation, Odoo ERP (Sales/Purchase/Inventory), REST APIs, Webhooks & JSON

Software Development: Kotlin & Jetpack Compose, C, C++, Java, JavaScript (Working Knowledge), HTML, CSS & React (Project Exposure), Firebase & Supabase, Git & GitHub

CERTIFICATIONS & TRAINING

- **Android Development Training** — Croma Campus Pvt. Ltd. (View Credential)
- **Oracle Generative AI Professional Certificate** — Oracle (View Credential)
